

# WEATHERTEC™ PLATFORM

On the forefront of all-weather staging equipment, the WeatherTec™ Platform is designed to last and endure harsh outdoor conditions. An innovative aluminum honeycomb core makes the latest platform from Staging Concepts lightweight and durable in demanding weather conditions. Its enhanced weather-resistant design makes it perfect for outdoor applications such as concerts, corporate events, VIP events, golf tournaments, pool covers, and more. Meeting the same quality and strength requirements of Staging Concepts' flagship product, the SC90 Platform, the WeatherTec Platform meets 150 lbs/ft<sup>2</sup> of uniformly distributed live load. As an alternative to our current Staging Concepts SC97 all-aluminum platform, the WeatherTec Platform is engineered to have improved sound dampening and aesthetic qualities. When you need all-weather performance from your staging platform, consider WeatherTec!

WeatherTec's Underside's  
built-in leg storage

The WeatherTec Platform incorporates an all-weather polyvinyl surface, available in both black and gray. A variety of other surface options are also available upon request. A full line of accessories including supports, storage carts, guardrail and other staging needs are available. The WeatherTec Platform has 0% water absorption and comes with a 3-year warranty.

# WEATHERTEC PLATFORM

## ADVANTAGES

### Strength

- Lightweight and rigid aluminum honeycomb core
- Standard 4'x8' platform is engineered to support 150 lbs/ft<sup>2</sup> of uniformly distributed live load
- WeatherTec comes standard with top locking Roto-Locks, providing a monolithic floor when platforms are locked together

### Durability & Efficiency

- 0% water absorption and all-weather polyvinyl surface
- Platform only needs support in four corners for quick setup
- Patented aluminum extrusion allows for guardrail, step unit, closure panel, chair stop, and skirting clip attachment – with no loose parts
- Platforms easily handled by two people- our standard 4'x8' platform only weighs 140 pounds

### Variety

- Standard polyvinyl surface (black or gray) - Other surface options available upon request
- Compatible with all Staging Concepts understructure and accessories
- Storage carts available

### Field Repairability

- WeatherTec comes with a 3 year warranty
- For those unavoidable accidents, repair or replace only damaged part of platform (platform surface lid, side of extrusion, corner piece, etc.) – no need to replace entire platform
- Repair on-site – no need to send back to factory for repairs

## TECHNICAL SPECIFICATIONS

The WeatherTec Platform is an outdoor, weather-resistant, portable platform. The WeatherTec platform is designed to be fully field repairable, to function with all Staging Concepts' supports, understructure and accessories.

- Edging: Extruded 6005-T5 aluminum frame, including protective edge, mill finish. Design frame to accept:
  - Built in Roto-Lock system
  - Structural locking clip system
  - Guardrail
  - Chair stops
  - Closure panels
  - Step units
  - Skirting clips

When you need all-weather performance from your staging platform, consider WeatherTec!
